

LCCC's organizational capabilities have been significantly strengthened during the current funding period. Key accomplishments have included 1) a refined and clarified senior leadership structure highlighted by LCCC's Executive Committee, 2) comprehensive strategic planning that has formed the basis for reorganization of LCCC's scientific Programs and Shared Resources, 3) support from a reorganized External Advisory Committee, 4) implementation of a new Internal Advisory Committee, 5) refinement of membership criteria, 6) improved oversight of clinical research and 7) development of an expanded clinical research footprint in the LCCC catchment area through the creation of the MedStar Georgetown Cancer Network and investment in Minority Health and Health Disparities research and service. LCCC also maintains an extensive range of educational activities linked to its Research Programs.

**Fig. 1.** Members of LCCC's Executive Committee (shaded boxes) include the Director, Deputy Director, 6 ADs and a MedStar Georgetown Cancer Network Representative.
